

TECHNICAL DATA SHEET

- ACTICIRE MB -

DEFINITION

Acticire MB is a 100% vegetable active texture agent based on a complex of Jojoba, Mimosa and Sunflower waxes.

Supply Chain Certificate (SCC) number: BVC-RSPO-1-1106949778.

ORIGIN OF THE RAW MATERIALS

The product is manufactured from raw materials of strictly vegetable origin.

DESCRIPTION

- INCI (PCPC): Jojoba Esters / Helianthus Annuus (Sunflower) Seed Wax / Acacia Decurrens Flower Wax / Polyglycerin-3

- CAS : 61789-91-1 (ou 68953-55-9) / 8001-21-6 / 98903-76-5 (or 93685-96-2) (or 8063-08-9) / 25618-55-7

- EINECS : None (or not applicable) / 232-273-9 / 308-877-4 (or 297-646-0) (or None) / Non applicable

REGULATORY INFORMATION

For information on the regulatory status of this product, please consult the regulatory data sheet (RDS).

NATURAL / ORGANIC LABEL

- This product has been approved by ECOCERT® GREENLIFE according to COSMOS standard. It can be used in cosmetic products certified according to this standard. We would like draw your attention to the fact that this product is not organic certified.

- Product certified RSPO Mass Balance. More information on www.RSPO.org.

- Gattefossé RSPO certification number: BVC-RSPO-1-1106949778.

- This product is a NATRUE approved raw material. It has been approved according to the criteria within the NATRUE standard. It can be used in cosmetic products certified natural or organic according to this standard. We would like to draw your attention to the fact that this product is not NATRUE organic certified.

FIELD OF USE

This product is a cosmetic ingredient. It is recommended for use in cosmetic formulations.

This ingredient must be used according to appropriate regulations. Gattefossé accepts no responsibility for the use of this product in applications other than those recommended.

USES

ACTICIRE MB can be used for skincare O/W or W/O emulsions to improve sensorial properties and stability. It brings durable moisturization and comfort to the skin (proven in vivo).

TECHNICAL DATA SHEET

- ACTICIRE MB -

USES

In suncare, ACTICIRE MB will improve the skin feel of formulations with high UV filter levels (chemical or mineral).

Make-up innovation, ACTICIRE MB is particularly interesting for its capacity to introduce water to traditionally anhydrous formulation.

STORAGE RECOMMENDATIONS

Store the product in its original packaging sealed tightly, protected from light and moisture.

Special temperature storage conditions are not required.

Container packaged under nitrogen.

Product should be re-analyzed after a 3-year storage period under recommended storage conditions.

HANDLING ADVICE

Presentation: semi-solid in block.

Lipid excipients are naturally composed of several fractions with different density values and crystallization temperatures. Semi-solid excipients in block form may stratify during crystallization resulting in a non-homogenous composition.

Samples should never be scooped from the top of the container as the contents will not be representative of the batch. It is essential that the entire contents of the container are fully melted to remove all crystallization clusters (by heating to at least 20° C above the drop point) and thoroughly stirred to ensure homogeneity prior to use/sampling.

PACKAGING

Bag-in-pail 8kg (polyethylene bag).

Sample available upon request.

INFO ON THE COMPOSITION

Antioxidants: Tocopherol 200 ppm*

* Max added value. For additional information, please contact us.

SAFETY OF USE

For information on the toxicology and safety of this product, please consult the product toxicological file
